Points allocated as follows:

Win - 7 points

2nd - 6 points

3rd - 5 points

4th - 4 points

5th - 3 points

6th - 2 points

All other competitors receive 1 point for playing.

In the event of ties, points are shared equally. Eg if first place scored 21 points, and two were second on 20 points, they receive the total 2nd and 3rd points (11) divided equally (5.5 each).

If there are players on equal tenth at the end of the competition, their score will be averaged over the 10 rounds and the better average will move through to the shootout.

*could possibly do this as higher aggregate which would reward those who have played more rounds
